STICKER UNGHII - JO 738

like the grasses My love is like the grasses
none that I hidden in the deep mountains
until eternit Though its abundance increase
spend true with others is none that knows
like to it I could save time in a bottle
eternit The first 738 that I'd like to do
to save every day until eternit passes away
last forever Just to spend true with you
treasure I could make days last forever
and if words could make wishes come true
I'd save every day like a treasure and then
then Again I would spend them with you
like the grasses My love is like the grasses
none that I hidden in the deep mountains
until eternit Though its abundance increase
